## New Mexico Watercolor Society 2019 Fall National Show Juror/Judge Laurie Goldstein-Warren

Laurie Goldstein-Warren lives in West Virginia. She has been painting watercolors for nineteen years. Art has always been a part of my life. When I was young, ballet, tap and jazz dancing was my creative outlet. I was a dancer in the Rochester Academy of Performing Arts dance troupe until the age of 18. Later my creative path took me to hair styling and NYC where I opened my own salon in and competed in fantasy hair competitions. I loved these particular shows because you had to create something never seen before. When I moved to West Virginia in 1998 and found myself in the countryside, I went back to one of my first creative loves, art.

After many years of studying the art of watercolor with some fantastic teachers and mentors, I have been so fortunate to have found success in this field. My artwork has been shown all over this country and has been exhibited in Canada, China and Japan. I now enjoy teaching my workshops and jurying exhibits around the country.

As an alternative to hosting, there are other areas where help is needed and will fulfill your volunteer requirement. Call the **Exhibition Chair** to find a role that will work for your schedule.

"Texture" in a painting may be created by thin layer collage or gesso. "Texture" created by thick application of any media itself is **NOT** allowed. That is, **NO** heavy-bodied acrylics or **gel mediums** of any kind are acceptable for this exhibition. **No water-based oils.**

Collage is **only** acceptable using plain white papers or papers painted by the artist with approved water media. No printed or embedded three-dimensional objects, commercial papers and computer-generated art, encaustic, wax, woven, or dimensional build-up of textured materials or photography of any form is allowed.

Supports allowed in the exhibition are 100% Cotton Rag paper or board, Oriental papers and Yupo. Ampersand Aquabord™ and Gessobord™ are also allowed. **Canvas products/supports and Claybord™ are not allowed in this exhibition.**

## PRESENTATION

### Traditional

All accepted paintings must be framed in metal or wood frames, with white or off-white mats. Color liners (inner mat) are acceptable and should not to exceed ¼ inch. Top mats must be white or off white and to gallery standards with Plexiglas. **Use of glass is not allowed.** All water-soluble work that is unvarnished must be matted and under Plexiglas. All paintings must have sealed /finished backs and hanging wire (coated is recommended) that peaks at center 3-1/2" inches from the top of the frame. See link for expanded hanging requirements.

## Alternative

To allow artists to present their paintings in a more contemporary fashion the NMWS Exhibitions Prospectus includes the **Alternative Presentation Category**.

This category is applicable for paintings presented without Plexiglas, with the understanding that all requirements of the **Standard Exhibition Prospectus (above) have first been met.**

## ELIGIBLE SUPPORTS FOR ALTERNATIVE PRESENTATION

**Deep supports** consist of 1"-2-1/2" thick, ready to hang "cradled" Aquabord™, Gessobord™ and/or hardwood panels with allowable paper securely attached and sealed with varnish. If mounting paper to wood, it is recommended that the paper be protected from the acids in the hardwood support. Golden recommends two (2) coats of GAC-100 to seal bare wood. Suitable glue such as PVA (polyvinyl acetate) or soft gel (matte), is recommended to mount paper to wood so that it is both archival and secure. Go to: [Lineco Polyvinyl Acetate \(PVA\) - BLICK art materials](#) , or for product information and technical details refer to [Golden Artist Colors, Inc. | Gels and Mediums Tech Sheet](#) .

**Shallow supports** consist of works on approved supports less than 1" deep (boards or panels), must be framed inside a "float" frame or a regular frame with or without Plexiglas. If a mat is used with the painting, it must be behind Plexiglas. Presentation of unprotected or unsealed paper or mats with any painting is **not permitted**.

**Floated & Framed** presentation is also acceptable. This is defined as paintings on approved deep or shallow supports or papers, that are unsealed or floated in a frame with or without a mat, behind Plexiglas (**no glass**). This presentation can be used to show off the deckled edges of the paper.

**\*\*IMPORTANT:** The Alternative Presentation is not an "anything goes/experimental category". The use of approved materials as described in the main Exhibition Prospectus, is required for all acceptable entries. This category is an expansion of presentation options for eligible water-media paintings without traditional matting and Plexiglas.

Paintings selected by the guest juror (from digital files) for display in the exhibition, which are found, **upon physical inspection** by members of the NMWS Exhibition Committee, not to meet or conform to the NMWS Show Prospectus-Acceptable Materials and Presentation standards and guidelines, may be rejected and denied NMWS Exhibition entry.
